Re: AMAX BEE VERIFICATIONS

We hereby confirm that we are a BEE consulting firm and assist clients in obtaining BEE certificates. Pioneer has been making use of AMAX BEE Verifications, as a SANAS accredited ratings agency, for conducting BEE ratings of our clients for the past 8 years.

AMAX BEE has yet to disappoint us in their prompt, professional and accurate verification of our clients. We can attest to their high level of ethical standards and understanding of the BEE Act, BEE Codes and relevant Sector Codes.

As a consulting firm, we can recommend the services of AMAX BEE Verifications to any client or BEE consultant without reservation.

Any queries regarding this matter can be referred to myself personally.
